THE SUNLIGHT · QURAN

Quran Reading Journal

There is one page for each reading session, and each page has five fields.

HOW TO USE IT

Please write the date and the passage, then one sentence in your own words about what it says, and one question you are still left with.

The last line is for tomorrow's passage. Writing it tonight means the next session starts without having to decide where to read.

The Quran itself is at growyoursoul.info/quran/read/.
